Telegram é uma plataforma de mensagens populares que oferece grupos públicos e grupos privados, também conhecidos como "grupos secretos". Ao contrário dos grupos públicos, que podem ser facilmente encontrados e acessados, os grupos secretos não são indexados e exigem algumas etapas adicionais para encontrá-los.

Aqui estão as etapas para encontrar grupos secretos no Telegram:

1. Abra o aplicativo Telegram no seu dispositivo móvel e entre em uma conta.

2. Toque no ícone de pesquisa na tela inicial e digite o nome

do grupo secreto desejado ou uma palavra-chave relacionada.

3. No topo dos resultados de pesquisa, você verá uma seção chamada "Grupos Secretos". Toque nela para ver uma

lista de grupos secretos que coincidem com sua pesquisa.
