Some modern cars are equipped with automatic engine shut-off systems that can deactivate the engine in the event of a collision. This feature is designed to help prevent fires and further damage after a crash.

[Do cars turn off automatically in a collision? - Quora](#) : Do-cars-turn-off-automatically-in-a-collision

[Is it normal to think about crashing my car? - Quora](#) : Is-it-normal-to-think-about-crashing-my-car

s not uncommon for people to have thoughts about crashing their car, especially if they are feeling stressed or overwhelmed. However, if these thoughts are causing distress or impacting your ability to function, it's important to seek support from a mental health professional.
