There's no additional charge to play online multiplayer games on PC.

You will, however, need a wired or wireless internet connection to play online.

PC Game Pass FAQ - Xbox Support

Why is PC online or multiplayer gaming is free unlike the PS4 or ...

On PC, online gaming is often free because the infrastructure for online play is typically managed by the game developers or publishers, rather than a central platform provider.

the infrastructure for online play is typically managed by the game developers or publishers, rather than a central platform provider.
