The Spanish greyhound, or galgo, is one of the most persecuted dog breeds in the world. Galgo rescue organizations work to help these dogs find safe homes. The galgo does not need much exercise. Three walks of 20 minutes a day is usually enough. Despite being the athletes of the canine world, galgos are not very active dogs. Obviously it depends a lot on the age, a young galgo less than two years old has more need to run than an older one.
