<p></p><p>Football corners predictions is one of the fairly ne

w tips offered by tipsters and by us. Some say it#39;s luck /, predicting corn

ers in a football game, but we at AFootballReport find in corners very profitabl

e markets especially in live events /, when odds go very high as the game evolv

es.So how do we predict corners? Of course as any other football /, prediction

and corners are related to a number of pre-match and team factors. First of all

we should see the /, type of game we#39;re looking for or the type of game we

want to predict. Is it a game with /, a strong favorite or just two equally str

engthen teams that play. If it#39;s a game with a strong favorite probably /,

we should pay attention to the corners race predictions as strong favorites alwa

ys keep the ball in possession more than /, the other teams and create more cha

nces as they push forward almost during the whole game. Keep in mind in /, live

events that if the score is in favor of the favorite team then this team would

not be so /, motivated to create chances and would probably win less corners th

an in a draw event or from behind.</p>

<p>Second thing we /, should use when making our corners tips is to see t

he teams lineups and tactic for the upcoming game. Target /, teams with more o

ffensive tactics and teams that use wingers heavily in their attacks. For exampl

e, some good wingers for /, the home team could easily produce more than 10-20

crosses in the penalty area which very often defenders clear in /, corners.<
