

O O bet365

Go is a strategic board game for two players. It is known as Weiqi in

Chinese, Igo in

Japanese and Baduk in Korea.

What are Betting Odds?

Betting odds, or simply "odds", are used to

represent the probability of a certain

event occurring. They also indicate the

amount of money that will be paid out if you win.

Using Betting Odds to Your Advantage

When you see odds of 9/1, it means that for every

1 unit you bet, you can win 9 units. For example, if you bet 1 euro on a team

that is favored to win, it means they have a high chance of winning.

However, betting on these odds also means you are taking on more risk.

On the other hand, if you choose a less favored team,

it can represent a chance of getting a larger payout.

Calculate your potential payout by multiplying your investment by the

odds.
