Trust us when we say that it is not every day that we get to bring you

new and interesting first person shooter games online, especially gam

es that are like this one that you are going to play, a game that we

have found to be quite unique, and one that we are positive you are going to lov

e playing plenty, because it was our own amazing time with it that ma

de us convinced that we had to share it with everyone. From this foll

owing part of the article you learn everything you need to know about the game,

so why not read to the end before you start? You are going to move ar

ound using the w, a, s, d keys, while with the mouse you look around

as well as shoot. In this game, only when you are moving the time is

flowing, so when you stop, it also stops. Use this to your advantage in order

to avoid enemy shots, and if you do it right, you then get to have a st

ep ahead of them and shoot them down faster and take them out, advanc

ing through the stage. Get through one stage after the other, until y

ou completely win the game. Good luck, and if you are up for more fun, sticking

around here and having even more fun with other great games that are

coming is certainly what you have to do!

How to play?

Use the mouse and the w, a, s, d keys.
