Trust us when we say that it is not every day that we get to bring you new and interesting first person shooter games online, especially games that are like this one that you are going to play, a game that we have found to be quite unique, and one that we are positive you are going to love playing plenty, because it was our own amazing time with it that made us convinced that we had to share it with everyone. From this following part of the article you learn everything you need to know about the game, so why not read to the end before you start? You are going to move around using the w, a, s, d keys, while with the mouse you look around as well as shoot. In this game, only when you are moving the time is flowing, so when you stop, it also stops. Use this to your advantage in order to avoid enemy shots, and if you do it right, you then get to have a step ahead of them and shoot them down faster and take them out, advancing through the stage. Get through one stage after the other, until you completely win the game. Good luck, and if you are up for more fun, sticking around here and having even more fun with other great games that are coming is certainly what you have to do!
